

The Knightdale Police Department seeks to promote its mission through the use of professional policing practices and the formation of community partnerships. What profit is to a business, trust is to a police department. Essentially, trust is our currency.

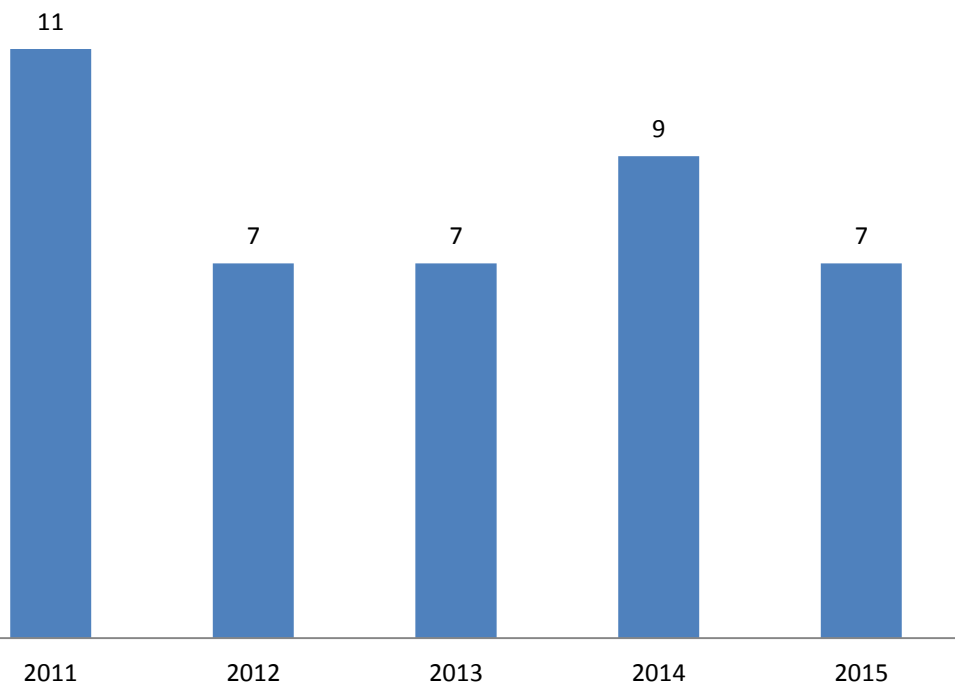

In an effort to increase the level of trust and transparency between the community and its law enforcement professionals, the agency has compiled a brief summary of data related to issues that impact the Town of Knightdale and its citizens. The following data is not all-inclusive, but intends to provide an overview of our efforts and work throughout the year. We welcome your call or visit should you have any questions or concerns regarding this information.

K-9 Events
